

VIVEK KUMAR SOLANKI

Santa Ana, CA | 661-549-5045 | viveksolanki2@gmail.com

SUMMARY

Business Administration graduate and finance and operations professional who helped scale a business past \$1M in annual revenue as an early operator, running pricing, reconciliation, and P&L with little supervision. Combines bookkeeping and financial-operations experience (AP/AR, reconciliation, month-end close) with financial modeling, forecasting, and variance analysis. Strong in Excel and Google Sheets, familiar with modern tools like Notion, Monaco, and Claude Code, and trilingual in English, Spanish, and Hindi.

EXPERIENCE

Purchasing Agent & Financial Operations

Jan 2022 – Oct 2025

SeatScope LLC

Remote

- Helped scale a business past \$1M in annual revenue as an early operator, running purchasing, pricing, and P&L reconciliation across four vendor platforms with little supervision.
- Built Excel models for pricing, scenario, and sensitivity analysis, using historical trend data to forecast demand and revenue.
- Ran monthly variance and root-cause analysis to resolve discrepancies and implement process improvements that cut manual work.
- Maintained accurate, audit-ready records across a high volume of transactions.

International Financial Services Intern

June 2026 – Present

The Pacific Bridge Companies (TPBC)

Monrovia, CA

- Support a cross-border (US-Asia) wealth firm, conducting market research and analysis on prospective partners and opportunities and preparing reports for the team.
- Coordinate with internal and external stakeholders and maintain organized, accurate records tracking progress and follow-up.

Bookkeeper & Property Improvement Coordinator

2022 – 2023

Hotel Management Company

Independent Contractor

- Managed bookkeeping across 4+ hotel properties, including accounts payable, accounts receivable, invoicing, and reconciliation.
- Used Nimble to reconcile pricing and financial data across properties and supported month-end close, resolving discrepancies to keep records accurate.
- Coordinated Property Improvement Plan (PIP) documentation across properties, managing vendor communication and tracking against brand-required standards.

EDUCATION

Bachelor of Science, Business Administration
